

My Best Friend (My Best Friend)
Words & Music by Music Box MAO

I have a friend of my own. He lives in town far away.
He is a kind and good guy. I enjoy talking with him.
I have a friend of my own. I saw him some years ago.
I was singing songs together with him all night long.

When some troubles get me down, he will be on my side.
When I feel deep sorrow, he will cheer me up.

I believe that he certainly must be my best friend.
I wish he would think of me as his best friend.

I have a friend of my own. He is cool and clever.
He gave me lots of suggestions of my life.
I have a friend of my own. I haven't seen him for a while.
Thinking what he is doing now, I want to meet him again.

When some troubles get me down, he will be on my side.
When I feel deep sorrow, he will cheer me up.

I believe that he certainly must be my best friend.
I wish he would think of me as his best friend.

I have a friend of my own. I haven't seen him for a while.
Thinking what he is doing now, I want to meet him again.

I believe that he certainly must be my best friend.
I wish he would think of me as his best friend.
